

Leckhampton with Warden Hill Parish Communities Group Monthly Report (February's 2022)

Flooding

This is now handled by the new Flood Working Group. See their separate report.

WH Benches

Update: Still waiting for approval from CBC and GCC on the location of the benches.

What's app group or similar.

The Communities Working Group is looking at the possibility of creating a "What's app Group (or similar like "Signal" which is open source and has greater data protection) to supplement Neighbourhood Watch.

Update:

Simon Bailey organises the local Neighbourhood Watch system. We plan to invite him to a meeting and move on from there. One possibility is to organise a "Neighbourhood Watch event outside the Co-op in WH or similar to drum up support for the scheme and also improve communication between areas of WH Neighbourhood Watch system which seems fragmented.

Extra Grit Bin.

The extra Grit bin on Oxford Way and Canterbury Walk.

Update: The Grit Bin has been ordered.

2022 Summer Youth Project

Update: Graham Beale is putting forward a project proposal to the full PC in March to gain funding for the 2022 Summer Youth Project. The cost will be £5K

Additional M bus project.

Anne Regan is putting forward a project proposal to the full PC in March to gain funding for the 2022 Summer Youth Project.

20mph in all built up residential areas

Update: This is now a motion to be discussed at the full PC at February's meeting.

Street Party

Update: This is unlikely to go ahead this year due to time limitations.

Snow wardens and grit bin management.

WH need's at least another one snow warden, and people to help with the gritting. Volunteers please contact Arlene.

Ian White

Chair of Communities Group
